21 ASSIGNMENT

- 21.1 The Agreement and/or the Grant may not be assigned to a third party without the prior written consent of Norad. This shall not, however, prevent transfer of parts of the Grant to a cooperating partner in accordance with article 11 of the General Conditions.

PART III: PROCUREMENT IN THE CONTEXT OF PROJECTS FINANCED BY THE NORWEGIAN AGENCY FOR DEVELOPMENT COOPERATION

1 INTRODUCTION

- 1.1 This Part III sets out procurement rules and principles which shall be applied by the Grant Recipient when procuring goods, services or works to Projects financed by the Agency for Development Cooperation (Norad). Stricter rules may supplement the compulsory minimum rules set forth in this Part III.
- 1.2 Norad may carry out ex post checks on the Grant Recipient's compliance with the rules set forth in this Part III.
- 1.3 Failure to comply with the rules set forth in this Part III shall render the Project expenditure ineligible for Norad funding and may lead to withholding funds or claim for repayment in accordance with article 17 of the General Conditions (Part II) of this Agreement.
- 1.4 Contracts shall not be split artificially to circumvent the procurement thresholds. All monetary amounts referred to in this Part III are amounts excluding value-added tax (VAT).
- 1.5 The procurement provisions shall also apply to any procurements to be carried out by the Grant Recipient's cooperation partners or others. The Grant Recipient shall be responsible for compliance as per article 11 of the General Conditions (Part II) of this Agreement regardless of whether the procurement is carried out by the Grant Recipient itself or its cooperation partners or others.
- 1.6 Sections 1 to 4 set out rules, which shall apply to all contracts. Sections 5 to 6 contain specific rules for service, supply and works contracts. Section 7 lists the situations where a negotiated procedure without prior publication is permitted.

2 BASIC PRINCIPLES

- 2.1 If a Project requires procurement by the Grant Recipient, the contract must be awarded following a tender procedure to the most economically advantageous tender (i.e. to the tenderer obtaining the best score based on price and quality), or, as appropriate, to the tenderer offering the lowest price. In doing so, the Grant Recipient shall avoid any conflict of interests and respect the following basic principles:

Standard: Procurement Provisions	Norwegian and Non-Norwegian NGOs	Revision no.:	2
	Grant Management Regime I, II and III	Date:	17.06.2016

- a) **Competition:** The procedures applied and the award of contracts shall be based on fair competition.
- b) **Equal treatment and non-discrimination:** Participation in tender procedures shall be open on equal terms to all natural and legal persons. During the entire procurement and the award of contracts, the Grant Recipient shall not discriminate against candidates/tenderers or groups of candidates/tenderers.
- c) **Transparency and ex-ante publicity:** As a general rule, tender procedures shall be based on prior publication. Where the Grant Recipient does not launch an open tender procedure, it shall justify the choice of tenderers that are invited to submit an offer.
- d) **Objective criteria:** The Grant Recipient shall evaluate the offers received against objective criteria, which enable the Grant Recipient to measure the quality of the offers and shall take into account the price (the offer with the lowest price shall be awarded the highest score for the price criterion). The criteria shall be set out beforehand and shall be relevant to the contract in question.
- e) **Notoriety:** The Grant Recipient shall keep sufficient and appropriate records and documentation with regard to the procedure, its evaluation and award.

3 ELIGIBLE TENDERERS

3.1 Tenderers must provide information on their legal form and ownership structure.

3.2 Tenderers shall be excluded from participation in a procurement procedure if:

- a) they are bankrupt or being wound up, are having their affairs administered by the courts, have entered into an arrangement with creditors, have suspended business activities, are subject of proceedings concerning those matters, or are in any analogous situation arising from a similar procedure provided for in national legislation or regulations. However, tenderers in this situation may be eligible to participate insofar as the Grant Recipient is able to purchase supplies on particularly advantageous terms from either a supplier which is definitively winding up its business activities, or the receivers or liquidators of a bankruptcy, through an arrangement with creditors, or through a similar procedure under national law;
- b) they or persons having powers of representation, decision-making or control over them have been convicted of an offence concerning their professional conduct by a final judgment;
- c) they have been guilty of grave professional misconduct; proven by any means which the Grant Recipient can justify;
- d) they have not fulfilled obligations relating to the payment of social security contributions or taxes in accordance with the legal provisions of the country in which they are established, or with those of the country of the Grant Recipient or those of the country where the contract is to be performed;

Standard:	Norwegian and Non-Norwegian NGOs	Revision no:.	2
Procurement Provisions	Grant Management Regime I, II and III	Date:	17.06.2016

- e) they or persons having powers of representation, decision-making or control over them have been convicted for fraud, corruption, involvement in a criminal organisation or money laundering by a final judgment;
 - f) they make use of child labour or forced labour and/or practise discrimination, and/or do not respect the right to freedom of association and the right to organise and engage in collective bargaining pursuant to the core conventions of the International Labour Organization (ILO).
- 3.3 Tenderers shall confirm in writing that they are not in any of the situations listed above. Even if such confirmation is given by a tenderer, the Grant Recipient shall investigate any of the situations listed above if it has reasonable grounds to doubt the contents of such confirmation.
- 3.4 Contracts shall not be awarded to tenderers which, during the procurement procedure:
- a) are subject to a conflict of interests;
 - b) are guilty of misrepresentation in supplying the information required by the Grant Recipient as a condition of participation in the tender procedure, or fail to supply this information.

4 GENERAL PROCUREMENT RULES

- 4.1 The tender documents shall be drafted in accordance with best international practice. The Grant Recipient may voluntarily use the models published in the Practical Guide on the EuropeAid (EU) website.
- 4.2 The Grant Recipient shall take into account universal design and the potential environmental impact of any planned procurements.
- 4.3 All invitations to submit tenders shall state that offers will be rejected if any illegal or corrupt practises have taken place in connection with the award. All contracts concluded under the Project shall state that the Grant Recipient may terminate the contract if it finds that illegal or corrupt practises have taken place in connection with the contract award or execution.
- 4.4 The time-limits for receipt of tenders and requests to participate must be sufficient to allow interested parties a reasonable and appropriate period to prepare and submit their tenders.
- 4.5 An evaluation committee must be set up to evaluate applications and/or tenders of a value of NOK 500 000 or more on the basis of the exclusion, selection and award criteria. This committee must have an odd number of members, at least three, with all the technical and administrative capacities necessary to give an informed opinion on the tenders.

	Grant Management Regime I, II and III	Date:	17.06.2016

- 4.6 For contracts with a value exceeding NOK 100 000, the Grant Recipient shall compile a written record with documentation of all assessments and decisions during all steps of the procurement process from the planning stage until the signing of the contract. Upon request by Norad, the Grant Recipient shall deliver its written record to Norad and grant Norad access to all relevant information and documentation related to the procurement procedure and practices applied.

5 AWARD OF CONTRACTS

- 5.1 Contracts with a value of less than NOK 500 000 may be awarded by using any procurement procedure established by the Grant Recipient, while respecting the rules and principles laid down in Sections 1 to 4 of this Part III.
- 5.2 Contracts with a value exceeding NOK 500 000 shall be awarded by means of one of the following procurement procedures:
- a) **Open tender procedure:** In open procedures, any interested tenderer may submit a tender in response to a call for competition. The tender shall be accompanied by the information for qualitative selection as requested by the Grant Recipient.
 - b) **Restricted procedure:** In restricted procedures, any tenderer may submit a request to participate in response to a call for competition by providing the information for qualitative selection as requested by the Grant Recipient. Only those tenderers invited to do so by the Grant Recipient following its assessment of the information provided may submit a tender. The Grant Recipient may limit the number of suitable candidates to be invited to participate in the procedure.
 - c) **Competitive procedure with negotiation:** In competitive procedures with negotiation, any tenderer may submit a request to participate or a tender in response to a call for competition by providing the information for qualitative selection as requested by the Grant Recipient. Tenderers may submit an initial tender, which shall be the basis for subsequent negotiations. The minimum requirements and the award criteria shall not be subject to negotiations.
- 5.3 Where the Grant Recipient does not launch an open tender procedure, it shall justify and document in writing the choice of tenderers that are invited to submit an offer.
- 5.4 Deviations from the procedures listed in Section 5.2 are limited to the situations listed in Section 7 of this Part III.

6 PUBLICATION OF PROCUREMENT NOTICE

- 6.1 The following shall apply with respect to publication of the procurement notice:¹

The prior procurement notice shall be published in all appropriate media, in particular on the Grant Recipient's website, in the international press and the national press of the country in which the Project will be carried out, and in any other relevant specialist periodicals.

7 USE OF NEGOTIATED PROCEDURE WITHOUT PRIOR PUBLICATION

7.1 The Grant Recipient may use a negotiated procedure without prior publication in the following cases:

- a) if any of the circumstances set out in Article 32 of Directive 2014/24/EU are present;

- d) for contracts declared to be secret, or whose performance must be accompanied by special security measures, or when the protection of the essential interests of the Norad so requires.

Annex B: Follow-up plan for the International Land and Forest Tenure Facility (TF)

<u>Norad's observations</u>	<u>Deliverables</u>	<u>Deadline</u>
1. TF's results management system needs revision and refinement. The impact statement needs to be included in the results framework. The outcome objectives should be revised (see comments from Norad's Results Management Section attached) in consultation with other key donors. TF should revise the outcome indicators and develop output indicators in accordance with Norad's guidance (attached). The causal links between outputs, outcomes and impact should be clearly demonstrated in the results framework (they are better explained in the theory of change than in the results framework).	1.1 A revised results framework is to be submitted to Norad	1 March 2018: Completed
2. TF is set up as a demand-driven institution. The funding application lacks a description of the specific changes TF will aim to achieve at the local and national level in CFI focus countries. In its response to Norad in this regard, TF notes that it uses national level baseline data on the status of the recognition of community tenure rights collected by RRI's Tenure Tracking System. This is a good start, but specific baseline data for the indicators in the results framework would ensure progress is assessed systematically and in a more targeted manner. Furthermore, contextual analyses for countries/regions would ensure clear objectives and targets to be reported against.	2.1 Baseline data for all indicators in the results framework are to be collected and submitted to Norad	1 March 2018: Report on progress 1 June 2018: Completed
	2.2 Contextual analyses of the countries and regions within these where it intends to work	1 March 2018: Report on progress 1 June 2018: Completed

B 

<p>3. TF's risk management system should be further strengthened. It should include information on what the consequences of a given risk would be, not just its likelihood of occurrence. TF will work in several contexts of fragility, conflict/post-conflict, and in areas where human rights defenders may be at particular risk. The updated risk assessment should therefore be informed by a do no harm analysis, and discuss risks and mitigating measures for potential unintended consequences/backlashes for human rights and gender equality.</p>	<p>3.1 A revised risk analysis should be submitted to Norad</p>	<p>1 March 2018: Report on progress</p> <p>1 June 2018: Completed</p>
<p>4. There is a risk connected to supporting a secretariat that is in process of establishing itself. A readiness assessment is being carried out by Ernst and Young during the inception phase to this effect in accordance with TF's commitment to Sida.</p>	<p>4.1 Following the readiness assessment, TF will provide a follow-up plan, assess the need for changes to its current policy, and report on progress. This should include financial management and efforts and lessons learned related to prevention and follow-up of financial misconduct, corruption, nepotism, and changes (if any) implemented in this regard.</p>	<p>1 June 2018: Report on progress and provide follow-up plan (if finalised)</p> <p>1 October 2018: Report on progress</p>
